The cleanest mulch available, LSC Premium Paper Hydraulic Mulch is made from post-consumer newsprint.

LSC Premium Paper Hydraulic Mulch is a low density, low moisture baled hydraulic mulch manufactured from post-consumer newsprint. This easy mixing mulch provides a versatile, biodegradable, cost effective alternative to straw mulching.

LSC Premium Paper Hydraulic Mulch, the cleanest product available, contains no weed seed, decreases down time, and decreases equipment wear and tear. The addition of premium surfactants and defoamers results in superior wetability, easy mixing in all types of hydroseeders, and even spray application.
