ODOR-ARMOR® Formulations

ODOR-ARMOR® is a highly effective concentrated blend of natural odor neutralizing compounds designed for use in the Hydro OPS™ Portable Diffuser. Formulations are mixed with water at application specific dilution rates and distributed through atomized mist to deliver targeted odor neutralization at the source. ODOR-ARMOR® products are available in 5-gallon, 55-gallon, and 275-gallon options to support a variety of application sizes and operational needs.

Sustainable Tote Program — Hydro OPS™ Portable Diffuser supplied with a repurposed 275-gallon tote to help reduce system cost while extending the useful life of reusable materials. New tote options available upon request.
